

Benefit Consultants Group Joins Organization Representing Independent 401(K) Plan Recordkeepers

DELRAN, NJ—JUNE 30, 2008—Benefit Consultants Group (BCG) is proud to announce their charter membership to The Council of Independent 401(k) Recordkeepers (CIKR). Membership in CIKR consists of independent 401(k) plan recordkeepers (and those companies that provide support to independent recordkeepers) that provide their services either directly to plan sponsors or through other retirement plan service providers.

“CIKR will provide BCG an opportunity to participate in increasingly relevant policy discussions with Congress and the government agencies concerning the disclosure of fees and other recordkeeping issues relating to 401(k) plans,” said Jorge Arroyo, President of BCG. “It’s an honor to be a charter member of CIKR and being part of an organization that will help shape the future of our industry is a responsibility we take seriously,” adds Arroyo. “As always, we continually strive to provide what is best for our clients, and this is another opportunity to do just that.”

ABOUT BCG: Benefit Consultants Group is an award-winning third-party administration firm. BCG provides plan sponsors and participants with innovative solutions, comprehensive sales support and high quality recordkeeping services to meet the specific retirement needs of its clients for over 50 years. Throughout the decades, BCG has met the challenges of an ever-changing retirement plan environment, while providing its clients with the highest degree of quality service, inspired plan design and implementation. BCG is also proud to acknowledge its ISO 9001 Registration for quality management. In addition, BCG also provides financial and estate planning services through its own fully disclosed broker-dealer, BCG Securities, Inc.
